REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: With regards to claims 2-4 and 13, the prior art of record does not disclose or fairly teach the dielectric having a dielectric constant of 15 or less. With regards to claims 5, 10, 11, 23-36 and 31-33 the prior art of record does not disclose or fairly teach a portion comprising the coil conductor patterns is interposed between a first portion comprising at least one of the plurality of capacitors and a second portion comprising another of the plurality of capacitors and the insulating layers have a plurality of via holes for connecting the coil conductor patterns that define the at least four inductors. With the regards to claims 6, 15, 16 and 18-22, the prior art of record does not disclose or fairly teach the ratio of the vertical dimension to the lateral dimensions of each of the coil conductor patterns is approximately 1. With regards to claim 7, the prior art of record does not disclose or fairly teach one end of a first of the at least three inductors of a k stage in the low pass filter and one end of a second of the at least three inductors of a k+1 stage adjacent thereto in the low pass filter are electrically connected to each other on an upper layer of the laminated body, and the second end of the another of the at least three inductors of the k+1 stage in the low pass filter and one end of a third of the at least three inductors of a k+2 stage adjacent thereto in the low pass filter are electrically connected to each other on a lower layer of the laminated body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
